

ACTION PLAN – Science & Technology

Goal: To ensure coverage and progression within the Science & Technology AoLE

Rationale: We are five years into our Meadowlane Curriculum. We need to ensure there is good coverage of the curriculum for all children and that children are making good progress with their knowledge, understanding and skills.

Success Criteria:

1. Most pupils make at least appropriate progress in their Science & Technology skills, supported by the Cluster Progression maps
2. A range of resources are used to support the teaching and learning within the Science & Technology AoLE
3. All areas of the Science & Technology AoLE are covered over a two year period.

Autumn	Spring	Summer

Leaders: Naomi Rooke, Hannah Jenkins

Actions	Personnel Involved	Budget / Resources (Human, time and physical)	Timescales	Self Evaluation Activities	Self-Evaluation	Evidence
1. Review coverage and progression of Science and Technology skills with a book look and listening to learners' session.	NR, HJ	Possible supply costs	Nov 27	Gathering information against cluster progression map, ensuring covering of relevant progression map.		
2. Audit and review of resources for Science /DT	MB, RN & CLH	Possible supply	Feb 28			
3. Review training needs of staff. A	NR, HJ	Possible course costs. Supply costs.	Sep/ Oct 28	Google form sent to staff to establish		

	focus certificate being Food Hygiene, e.g coding.		Time for review and plan for outcome of audit.		confidence and training needs for Science and Tech		
4.	Plan experiences (trips)						

What is going well?

What could be better?

Actions before summer as a team?
